

A Shock to the System: Introduction

Wednesday, July 14, 2021 7:50 am

This is the one known as Jesus. It has come to our attention that many at the Christ level of understanding are seeking greater amounts of control in their own lives and their own communities. "What can we do?" is a frequent question that we hear.

Christ means God in form and if what we say and what each of you are experiencing is true, then where is the true power in this reality if all you can do is bless and hope for a good outcome?

Welcome to Phase Three of A Journey into The Unknown, Being Christ. In this phase, we will introduce you to new parts of yourself and will explain your own power to you through the use of scenarios.

Hold onto your hats and prepare to be shocked into a new level of understanding.

Up until now, you have blessed others indiscriminately and asked for the miracle of understanding, acceptance, and forgiveness. Of course, in love there is always more. Now is the time to discover exactly what this is.

If it is true that there is a cadre of Christs walking the earth and this group will grow over time, we are talking about the energy of God being called Suzie, Sam, or Mary. God is not in the heavens alone. It is right here, disguised as you and those you know. God will be in every city, every state, and every nation in the world.

As God, as an individualized aspect of God, you have certain powers and abilities. These are

1. The power to alter the course of another aspect of yourself
2. The power to stop suffering
3. The power to alleviate need
4. The power to grant wishes and desires
5. The power to enhance
6. The power to change situations and outcomes
7. The power to know and trust
8. The power to explore
9. The power to invest
10. The power to manifest

As stated in the introduction, these will all be explained through the use of scenarios.

End Time: 1:23 pm
